### **Hopewell Middle Student Wins for Fulton County in Water Essay Contest**

Brian Davis, a student at Hopewell Middle School, is the Fulton County winner in the fourth annual water conservation and preservation essay contest, sponsored by the Clean Water Campaign and the Water Use It Wisely Campaign. Davis, a 7th grader, received a \$25 cash prize. Davis was presented with his award on Thursday, December 1 by Fulton County Commissioner Lynne Riley.

The two organizations, Clean Water Campaign and Water Use It Wisely, teamed up to encourage children and parents to address the growing need to improve water quality and conservation efforts in Georgia. Students researched and shared their thoughts on why conserving water and preventing water pollution are important for the future of their river, lakes and streams. The main goal of this program is to encourage students to create inventive solutions to water conservation and water quality in metro North Georgia.

In Davis's essay, he said, "Kids everywhere are being taught the value of being a conservationist." He asked, "Why waste water when there is a better way to reuse it?"

Commissioner Riley said during the presentation, "Fulton County operates many wastewater treatment plants to clean up our wastewater." She added, "One of those plants is the new Cauley Creek plant which uses new technology, called ultrafiltration membrane technology that treats wastewater to near drinking water standards. The water is so clean that it can be reused to water area golf courses, thereby reducing the water demand on the already stressed Chattahoochee River."

The contest was open to sixth, seventh and eighth graders in Bartow, Cherokee, Clayton, Cobb, Coweta, DeKalb, Douglas, Fayette, Fulton, Forsyth, Gwinnett, Hall, Henry, Paulding, Rockdale and Walton Counties. More than 1,000 middle school students from throughout the district participated. Each participating school submitted its winning essay for the county competition, and one overall winner was selected from among the county winners. County winners receive a Clean Water Campaign / Water Use It Wisely certificate presented by an elected official from that county.

#### **About the Clean Water Campaign**

The **Clean Water Campaign** is a cooperative, multi-agency public education initiative spearheaded by local governments in metro Atlanta, supported by the Metropolitan North Georgia Water Planning District and managed by the Atlanta Regional Commission. Its mission is to build awareness of water quality problems and solutions in the Atlanta region.

**Water- Use It Wisely** ([www.wateruseitwisely.com](http://www.wateruseitwisely.com)) is a program that educates consumers about specific and simple water conservation measures they can use everyday to help. It is a multi-state program that is being sponsored in the metro Atlanta area by the Metropolitan North Georgia Water Planning District in partnership with the Georgia Pollution Prevention Assistance Division.
